Head teacher: Jane Barnes

Dear parents/carers,

We are excited to announce that our school will be participating in the **Annual Engineering Competition** on **Tuesday, 11th March 2025**. This competition asks the intriguing question: *"If you were an engineer, what would you do?"* This takes place within the school day and we are always excited and amazed to see how many future engineers there are at Broomhill!

Over the last two years, we've been thrilled to see two of our talented pupils reach the finals of this prestigious event, competing alongside thousands of entries from across the country.

As part of this year's competition, we would like to encourage children to spend some time at home thinking about potential inventions or solutions to challenges they may have observed in their daily lives. If they have any inventions in mind, please encourage them to start thinking about how they might bring those ideas to life.

Alice Craven (Science Lead)

IF YOU WERE AN ENGINEER
WHAT WOULD YOU DO?[®]

A NATIONAL COMPETITION
FREE TO ALL SCHOOLS IN THE UK

This annual competition is open to all pupils aged 3-19 and asks the question "If you were an engineer, what would you do?"[®]. Pupils are tasked with interviewing an engineer, where they have the opportunity to ask the questions that matter to them, before drawing their own engineering ideas.

BECOME ENGINEERS
IN THE MAKING[®]

Every pupil who takes part receives a graded certificate from a professional engineer and is invited to our Awards and Public Exhibitions at the end of the school year hosted all across the UK.
